FOREWORD

As we proudly leave New Bedford Vocational High School after four profitable years, we are honored to express our special thanks to Mr. Janiak, Miss Cronin, and the entire faculty.

We sincerely hope that the skills we have attained will be our stepping stones toward a brighter and more rewarding future.

Ellen Lowles and Eugene Carroll are co-editors of *The Mariner*.

Horace Mann wrote "the children of this people will soon possess the rights of men — whether they possess the character of men or not".

You have been with us for four years of your young lives. You have discovered that at this school you were encouraged to work things out for yourselves — with your minds and with your hands. You realize that a disciplined mind can properly evaluate problems and ideas, as well as create them.

This class is part of another generation. As a product of this institution, I know that unlike so many of our young people, you have not lost your sense of adventure — your courage or your enthusiasm as you face the future. You will not succumb to the illusion of security — of safety. No one has ever known what he would meet around the next corner. If life were predictable, it would cease to be life.

You are a vital part of the greatest country in the world. Your education not only assures us that democracy will continue to work but also assures the survival of our Republic.

Keep in mind that no rights are ever won for all time — they have to be won over again by each new generation of men and women.

It is well to remember that man does not live forever — but justice can live forever if you do your part.

Congratulations to another great graduating class.

Z. Walter Zaniak
Director

Congratulations to the Class of '73 and best wishes in all future endeavors.

Albert C. Wobecky,
Assistant Director

M. E. CRONIN, Asst. Director

I am happy to extend my congratulations and best wishes to the Class of 1973. I am confident that the knowledge you have gained here at New Bedford Vocational High School will serve as a firm foundation upon which to build in future years. Continue to learn and to grow, continue to practice in the community the qualities of good citizenship you have shown here at school . . . in this way you will be following the fine tradition of Vocational High School graduates of past years.

DEDICATION

MRS. HARKINS

MR. SIWIK

As the school year of 1973 comes to an end and we are preparing to venture into our various walks of life, we sincerely want to express our gratitude to Mrs. Mariana B. Harkins by dedicating the Mariner to her.

Mrs. Harkins' advanced techniques in clothing have opened many new doors for us in the field of constructive sewing. It is our greatest wish to use these techniques wisely throughout our future years as homemakers.

We, the graduating class of '73, are proud to dedicate our Mariner to Mr. Walter Siwik.

In his ten years of teaching at Vocational he has proven himself to be a very versatile asset to this school, not only through his fine teaching, but also through his coaching of a very successful soccer team.

He is one of the reasons why New Bedford Vocational High School is highly regarded among vocational schools.

So we, the senior class of 1973, are proud to dedicate our yearbook to Mr. Walter Siwik.

GIRLS' DEPARTMENT

The Girls' Department is a place where students engage in a variety of subjects from the freshman to the senior year.

As freshmen, students learn the basics of personal hygiene, human relationships, home nursing, clothing, nutrition, and other skills necessary in managing a home. Also included in the curriculum are numerous academic subjects such as art, English, arithmetic, general science, and physical education.

During the sophomore year, students have for two terms a course in child care, which helps prepare them for their junior year nursery school practice. English, biology, civics, clothing, nutrition, costume design, career information, physical education, and needlework are also included in the course of study.

For half of their junior year, students cook in the cafeteria, preparing the meals for the entire student body. The other two terms are spent sewing such things as a wool suit, a plaid man's shirt, and a child's unit, as well as studying English, United States history, health, home decoration, behavioral patterns, American Red Cross home nursing, and textiles.

Senior girls can elect one of the three main courses of study: Nurse Aide, Child Care Aide, or General Home Economics.

In the Nurse Aide Course, there are twelve girls, many of whom plan to further their education by becoming R.N.'s and L.P.N.'s. On Tuesdays and Wednesdays, students go to St. Luke's Hospital and various nursing homes where they are taught to care for patients. Upon graduation these girls are qualified nurse aides.

The Child Care Aide course trains girls to understand and teach little children. These students work two days a week at different day care centers, kindergartens, and classes for the retarded in and around the city. They are qualified teacher aides when graduated.

Those students not interested in nursery or nursing take the General Home Economics course. They receive specialized training in foods, clothing and accessories, crafts, and textiles.

All three of the senior courses of study described above include subjects such as English, chemistry, consumer education, clothing, occupational information, and food management and service.

To add to their curriculum, students can elect to have courses in first and second year algebra, geometry, typewriting and other office machines, and basic record keeping.

Members of the Girls' Department have a busy and enlightening four years.

The 1972-1973 Cheering Squad consists of: seniors — Michele Rioux, head cheerleader, JoAnn Seguin, Audrey Sherman, and Dee Dee Varao; and juniors — Kathie Gonsalves, Diane Kaeterle, Donna Noyer, Suzanne Desrosiers, Karen Brodeur, and Cheryl Haskell.

The girls work hard, starting at cheering practices during summer vacation right through the last game. The Varsity Cheering Squad cheers during football and basketball seasons.

Members of the squad design and make their own uniforms for both sports, each year making something different.

This year's graduating seniors sincerely wish next year's squad the best of luck.

Although this year's Artisans did not have a winning season, they showed that they were well on the way to football respectability in Southeastern Massachusetts. In recent years, the Artisans found it difficult to "stay close" in most of their games. This year they were a contender in every game. They finished with a record of 2 - 5 - 2 and out of five losses, four were by one touchdown or less. The strength of the team was defense, as they had the second best in the league.

Coach Riley felt this to be the best team he's ever coached at N.B.V.H.S., and he's going to miss the likes of seniors, Bob Lemieux, Steve Vaughan, Marc Brodeur, Biss Harris, Rico Monteiro, Ken Rogers, Art Jacques, Paul Caruso, and Ed Barrett.

This year saw the coming of a hockey team to N.B.V.H.S. Our skaters were members of the eight team Bristol Hockey League of Southeastern Mass. They certainly didn't play like a fledgling hockey team though. Led by their coach, Mr. Robert Prefontaine, they finished near the top of their division. Next year will not be a building year because most of the team was made up of underclassmen. We will miss the services of our four outstanding seniors though, Dave Fish, Mike Forand, Bob Robitaille, and Steve Vaughan.

SOCCER

3rd row

R. Deschamps, M. Forand, T. Poling, G. Bailey

Continuing a winning tradition, the 1972 edition of V.H.S. power recorded its most successful season in recent years by compiling a record of 8 wins, only 2 losses, and 4 ties. It was sufficient to hold a tie for second place. The newly reorganized conference created the most hotly contested and evenly balanced competition within the past several seasons.

No less than five Artisans were named to the Conference All-Star team including: M. Forand, goal; F. Oliveira, fullback; R. Cloutier, halfback; T. Almeida, forward; and C. Silva, forward.

A nucleus of returning veterans and good prospects should assure a continuation of success.

TRACK TEAM

1st row

2nd row

A. Ferreira, S. Whiting, G. Bailey, S. Silva, G. Thomas, R. Coutu, P. Sokoll, M. Brodeur

Track season for the year 1972 was confined to participation in Spring Track.

Our problem is still lack of numbers. Even at that, we were able to have Calvin Pina seeded in the 220 for the Bristol County Meet; he qualified and placed fourth in the finals. A newcomer, Scott Whiting, shows considerable promise. He qualified for the finals in the 100 yd. dash where he placed third. Sylvestre Silva was a pleasant surprise as a high-jumper.

Our many thanks to the whole team which, though inexperienced, did perform very well.

GOLF

Dave Freitas, Dave Brightman, John Souza, Dennis Jameson

2nd row

Mike Cordeiro, Paul Baillargeon, Bob Tootle, Rick Cloutier

In its final year of competition in the Bristol Scholastic Golf League, the Vocational duffers putted their way to a deceiving 3 - 8 - 1 record.

The future looks bright for '73 however, as the top eight men will all be eligible to return for another swing. Dennis Jamieson, Dave Freitas, Rick Cloutier, Mike Cordeiro, John Souza, Bob Tootle, Paul Baillargeon, and Dave Brightman will be back to compete in the newly formed Southeastern Massachusetts Conference.

BASEBALL

1st row

D. Rucker, T. Johnson, R. Munier, S. Amaral, J. Noel

2nd row

Mgr. P. McCoy, M. Boswell, R. Girouard, R. Lemieux, P. Bettencourt, J. Medeiros, Coach W. Norton

Voke enjoyed a successful season in the win-loss column last season. In an 18 game schedule, we had a 10 and 8 record. We suffered at the start with a lack of pitching strength, but as the season developed we discovered a find in Mike Boswell, not only in defensive infield ability, but in his ability to step on the mound and perform superbly. Despite the fact we lost two strong batters and defensive players due to working opportunities, Mr. Johnson, assistant baseball coach, was able to fill the gap with several of his junior varsity players — this combined with the pitching of Boswell gave us a crowning achievement in defeating Durfee High the last game of the season.

We are looking forward to the '73 season with a new league image and entirely new opponents. We hope with the returning veterans, Dave Bettencourt, Bob Lemieux, and John Medeiros, to make ourselves very evident in the league standing for '73.

BASKETBALL SHOP LEAGUE

1st row

Shop League basketball continued to play an integral role in the extra curricular program at New Bedford Voke.

The naturally competitive situation of shop vs. shop provides instant competitiveness and a healthful physical outlet for the participants.

During the 71-72 season, the machine department took top honors by capturing the crown in both halves.

Under the usual fine supervision of Mr. Prastek, and the watchful eye of referee, Mr. Risgin, Shop League Basketball provided yet another interesting season.

2nd row

R. Robitaille, M. Forand, D. Bessette, R. Deschamps, S. Vaughan, C. Soares

In providing extra-curricular activities that meet the desire and interests of the students, New Bedford Vocational High instituted an inter-shop Street Hockey League which proved to be an instant success.

Competition was highly spirited and at times quite fierce, but when smoke cleared, the Electrical Department squad emerged with top honors with a record of 4 wins and only one loss.

Under the capable direction of intra-mural coach, Mr. Prastek, and the fine officiating of Mr. Souza and Mr. Siwik, the league will grow in popularity along with the current boon in hockey.

J.A. REPORTER

The "Voke" students who join J. A. do so in order to experience the operation of various types of businesses. These members establish and control their own companies under adult supervision. Their products are sold, with proceeds used to help keep J. A. growing.

In addition to working hard at businesses, members also enjoy making new friends, taking trips, and engaging in other activities, one of which is the annual Future Unlimited Banquet. At this social, special tribute is paid to outstanding members who have done the most to perpetuate J. A.

Some J.A. members act as reporters for their schools, sending articles concerning school dances, elections, class trips, and other activities to the Standard-Times.

Reporter for this year is Elaine Morris.

Mrs. Glorianna Roderick, Miss Margaret Goggin

Four competent, dedicated teachers have retired within the past two years from the Girls' Department. In June of 1971, Miss Margaret M. Goggin and Mrs. Glorianna A. Roderick both said their farewells, as did Mrs. Barbara M. Harrell in March of 1972 and Mrs. Vera B. Underhill in February of 1973.

Miss Goggin, who came to Voke as an English and civics instructor and later undertook teaching entirely in the field of social studies, was a veteran of thirty-three years. Since retiring, she has been occupied with typing lessons, making her own clothing, entertaining, and traveling. In addition to visiting friends in Salisbury, North Carolina, and Clearwater, Florida, last year, she received and accepted an unexpected invitation from her niece to spend three weeks in Paris during the month of May. This turned out to be a very exciting trip.

Mrs. Roderick, who taught home care, laundry, needlework, and institutional foods during her thirty-one years at Voke, assures us that she, too, has been enjoying her change of pace. Foremost among her numerous pastimes are needlework and gardening. She thinks back fondly to the many years that she assumed the rewarding assignment as junior class advisor.

After fifteen years of service, Mrs. Harrell, a teacher of foods and nutrition, home care, and laundering, also laid aside her correcting pen. She has since devoted some of her leisure time to reading, gardening, and visiting with relatives and friends.

Although Mrs. Underhill, who taught clothing and clothing accessories for more than ten years, has been retired for only a short time, her diversified interests have been keeping her busy. Her ambitious plans for the future include spending more time with her grandchildren, as well as traveling, reading, painting, weaving, hooking, sewing, and gardening.

All of these faithful teachers, who have served so diligently throughout the years, have earned a much-deserved rest. Everyone wishes them happiness wherever they go and in whatever they do.

CLASS HISTORY

Dear Diary:

September, 1969

We, the Class of '73, walked through the doors of New Bedford Vocational High School a few weeks ago as timid and excited students. We were somewhat astonished at our strange surroundings. It wasn't long, however, before we felt right at home in our new school.

October 1969

We were recently honored by the junior class, which sponsored the Welcome-Freshmen Dance. It was held in Hammond Auditorium, and was enjoyed by all.

May 1970

Next on the agenda was the Fashion Show. The girls modeled outfits that they had created and worked very hard on. Everyone appreciated the effort expended on the part of each girl to make the evening enjoyable, which it proved to be.

June 1970

How quickly our freshman year has come to an end. We realize, though, that it had been just a tiny stepping stone on our way to bigger and better things.

September 1970

We returned to school this fall as sophomores, and a bit more confident in ourselves.

February 1971

Our basketball team has been giving us much fun and excitement throughout this year. Although we've been disappointed at losing some of our best basketball players, our team had enough vigor and will power to carry us straight to Boston Garden. The enthusiasm resulting from this great feat was shared by the entire student body. Our team won its first game at Boston Garden, but lost the second by a close margin.

May 1971

We held another Fashion Show in Hammond Auditorium, which everyone enjoyed tremendously.

June 1971

The Charles Palmer Davis Award for outstanding achievement in current events in the sophomore year went to Marie Tisdelle this time. The school year has once again passed quickly, and we are out for summer vacation.

September 1971

Our long summer vacation is over, and we are back to school as juniors — upperclassmen!

At our first junior class meeting, we met our advisors, Miss Alberta Silveira and Mr. Joseph DeRoche. The election of class officers resulted in the following: John Alves, president; Dolly Cardoza, vice president; Michele Rioux, secretary; and Steve Vaughan, treasurer.

October 1971

We prepared Hammond Auditorium for the Welcome-Freshmen Dance. The theme was "Psychedelic Move". Everybody worked long, hard hours on the decorations, and all who went had a fantastic time.

January 1972

We traveled to Boston Garden to see the Ice Follies. It was a great ride, which was topped off by plenty of entertainment and good laughs. The whole evening was very enjoyable.

April 1972

On the thirteenth, students from both departments participated in Student Government Exchange Day here at Voke. Hosts and hostesses to Westboro High students were Russell Reeves, George Bailey, Robert Lemieux, Michele Rioux, Ann Fortin, and Nancy Luiz; the same students later were guests of Westboro High. Information concerning the students' respective schools and cities was shared. Advisors were Mr. Jeff Riley and Mrs. Nancy Barrett.

May 1972

At long last came our Junior Prom. Mr. DeRoche stayed many a late night with us to give moral support as we made preparations. Mr. Cambra helped us construct the bridge, which was the most important feature of the setting. Of course, he also expressed his expert opinion concerning the coloring of the bridge. It was arduous work, but was well worth the effort. Everyone at the prom enjoyed himself. After the traditional march, the king and queen, Dave Fortin and Michele Rioux, were chosen and crowned. Ladies-in-waiting were Charleen Smick and Linda Menezes. We also held another fashion show in Hammond Auditorium this spring.

June 1972

There couldn't have been a better way to end our year than with the Junior Outing, which was held at Miles Standish. Everybody got a lot of sun and water, and had fun. Summer was once more upon us, and we again went our different ways.

September 1972

We returned this fall to Voke for the last time. Now we are mighty seniors.

At our first senior class meeting, we were introduced to our advisors, Mrs. Mariana Harkins and Mr. Richard Barrett. The election of class officers resulted in the following: Steven Vaughan, president; Russell Reeves, vice-president; Michele Rioux, secretary; and Richard Cloutier, treasurer.

December 1972

The Wool Contest was held again this year. Winners who went to the State Wool Contest at the North Dartmouth Mall were Barbara Luiz, Denise Leger, Beth Aspden, and Dolores Varao, seniors; and Suzanne Desrosiers and Karen Brodeur, juniors.

January 1973

A fantastic ski weekend was enjoyed by senior class members and other students. We left Friday afternoon for Winwood Lodge in North Conway, New Hampshire, and returned on Sunday. Several of the faculty accompanied us.

February 1973

Two very special honors went to Jo-Ann Seguin this year. The first was the award for good citizenship, which is sponsored annually by the Daughters of the American Revolution, and the second was the Betty Crocker Homemaker of Tomorrow Award, the recipient of which must score highest on a written examination.

April 1973

The senior boys who were able to locate jobs got out of school early. Guidance counselors and teachers worked together to help get students placed, so many were able to leave early.

May 1973

The Senior Class Outing took us to Lincoln Woods in Rhode Island this year, and the Senior Prom was held at White's. These were occasions of great enthusiasm and laughter. Everyone was excited but also sad, because we realized that we would soon be saying good-bye to our good times together.

June 1973

Graduation Day brought many a tear to our eyes, because now we were to step into the world and go our different ways. As we look back upon our lives, we will always cherish our four years at Voke, for they have become an indelible part of us. us.

Farewell

We, the members of this year's graduating class, bid a fond farewell to all of our administrators and teachers at Voke, who have worked so perseveringly to prepare us for the future.

We also reluctantly say farewell to each other, as we go our separate ways. May God be with us until we meet again.
